DETAILED ACTION

1. This application has been examined. This action is in response to an amendment filed on May 23, 2001. Claims 1-20 have been canceled. Claims 21-23 have been added. An informational disclosure document filed June 23, 2001, has been filed and copies of "other documents" are requested before it is considered. Dates of that prior art should be submitted in response to this Office action. A listing of and copies of Prior Art from the two parent applications is requested in response to this Office action (for example, "three untitled drawings" filed the patent number 6,089,531 and other prior art documents filed in the parent applications). This application is a continuation of serial number 09/538,881, now US Patent 6,250,605, which is a continuation of serial number 08/968,904, now US Patent 6,089,531, which is a continuation of serial number 08/206,424, now abandoned.

Claim Rejections - 35 USC § 101

2. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

3. A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Art Unit: 3753

4. Claims 21-23 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1 and 2, and 27 of prior U.S. Patent Nos. 6,250,605 and 6,089,531, respectively. This is a double patenting rejection.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. Any inquiry concerning this communication communications from the Examiner should be directed to A. Michael Chambers whose telephone number is (703) 308-1016 (FAX (703) 308-7765).
